

Experience the world of Māori rock art

A deeply enriching and authentic journey of discovery into a living culture, where the traditions of the past meet the people of today. Our whakapapa (genealogy) binds us to the land and to our ancestors. Rock art is a cherished part of our identity, a treasure to be preserved for generations to come.

TE ANA EXPERIENCE - OUR LIVING CULTURE

GUIDED CENTRE & ROCK ART SITE TOUR*

Your tour begins at Te Ana Māori Rock Art Centre, where our Ngāi Tahu guides share stories of our ancestors and our rich tribal culture, past and present.

The Centre holds the most significant collection of Māori rock drawings in the world and is an entranceway into the world of Ngāi Tahu, the Māori tribe of Te Waipounamu (the South Island) of New Zealand.

Continue your journey at the iconic rock art sites at Ōpihi. You will discover Māori rock art where it was created and gain a deeper understanding of our ancestors and why their artworks are such a cherished part of Ngāi Tahu identity today. Contribute to the restoration of the site by planting a native tree as a legacy of your visit.

Retail Price	Ad \$182/ Ch \$122	Duration	3.5 hours (ex-Timaru)
